

Multi-Cloud Program Director – Global Media Giant

Location: Stockholm/Bangalore (50% travel)

Project Type: Multi-year cloud transformation (\$15M budget)

Engagement Duration: 24 months

Core Responsibilities

1. Program Governance

- Establish a **Cloud Center of Excellence (CCoE)** with POD model (Platform, Operations, Delivery).
- Implement **FinOps** practices using CloudHealth + custom Power BI dashboards.

2. Vendor Management

- Coordinate hyperscaler teams (AWS/Azure/GCP) for **inter-cloud networking** (Aviatrix/AWS TGW).
- Manage MSPs for L3 support (SLA 24/7).

3. Stakeholder Alignment

- Present monthly **Steering Committee briefings** with risk heatmaps (RAID logs).

Mandatory Qualifications

• Technical Stack Awareness:

- Multi-cloud networking (ExpressRoute + Direct Connect + Cloud Interconnect)
- Observability: Datadog, New Relic

• Certifications:

- **PMP** or **PgMP**
- Bonus: **Google Cloud Digital Leader**

• Experience:

- 15+ years in IT, including 5+ years managing multi-cloud programs (>\$10M).
- Proven track record in media/entertainment (content delivery workflows).

• Language: Native English + Swedish (for Nordic client liaison).

Project Artifacts to Deliver

• Governance:

- RACI matrix spanning 8 workstreams.
- Cloud adoption playbooks (aligned to AWS MAP/GCP Adoption Framework).
